GOOD TO KNOW

NO ADDED MSG - Although some of our base ingredients contain trace amounts of the ingredient, our dishes are made without adding any additional MSG. Instead, we choose to use natural flavourings and enriched vegetable and meat stocks to give a unique depth of flavour to our dishes. We believe that this approach gives our dishes a unique, fresher and cleaner taste.

VEGETARIAN AND GLUTEN FREE - We have tried to incorporate as many options as possible to accommodate most special dietary requirements especially vegetarian and gluten free diets. All but two of our sauces are suitable for vegetarians and we have developed a special stir fry sauce suitable for gluten free diets. Please ask a member of staff if you are unsure what is suitable for your diet.

WE ARE ALSO A BAR AND RESTAURANT - We have recently gone through a large-scale refurbishment to create a new Bar and Restaurant dining area. We also have facilities for music and dancing on Fridays and Saturdays. It is a perfect place for special occasions, parties or just an enjoyable evening with friends and family.
